ITEM 15

AMENDMENT TO ARTICLE 11 OF THE WILLIAMSON COUNTY ZONING ORDINANCE REGARDING RURAL RETREAT-EXTENSIVE USES

Attachment	15-1	Proposed Amendment
	15-2	Resolution
File Number		(6-2015-012)

In 2007, the County revised its Zoning Ordinance to add a "Rural Retreat-Extensive" use classification. That classification allows a limited range of rural commercial activities to take place in areas that are primarily residential and agricultural in nature, provided that certain criteria are met. Typical components of these uses include lodging facilities, which may be provided in the form of guest rooms or campsites, and event venues, which can be rented for weddings or other events.

Based on experience gained while administering these regulations over the past eight (8) years and after receiving feedback related to these uses from citizens and elected officials, Staff has re-examined how these uses are regulated. Specific feedback and concerns relate to negative impacts (such as traffic and noise) that event venues can have on surrounding properties, the desire to maintain rural character in outlying areas of the County, and a specific proposal for a larger Rural Retreat-Extensive use, which would be located on a State Route within a Municipal Growth Area (MGA).

This Text Amendment addresses Rural Retreat-Extensive uses in three primary ways.

First, the Amendment includes more stringent standards and establishes a higher level of scrutiny in the approval process for Rural Retreat-Extensive uses that include a conference or event center component. Under the proposed Amendment, retreats that include an event center would always be considered Special Uses, requiring approval by the Board of Zoning Appeals (BZA) following a Public Hearing. Additionally, event venues would trigger larger setback and lot size requirements, and would only be permissible on collector or arterial roads, which are better able to accommodate traffic associated with events. The additional scrutiny and higher standards are designed to ameliorate negative impacts of these uses on adjoining properties.

Secondly, the Amendment places a definitive limit on the total number of guest accommodations that may be provided in conjunction with these uses in rural areas, while allowing a higher number of guest accommodations (subject to additional criteria) in certain Zoning Districts that are more suitable for larger retreat uses, namely the Municipal Growth Area-1 (MGA-1) and Leiper's Fork Village (LFV) Zoning Districts.

Finally, the Amendment specifically allows auxiliary restaurants and day spas to be included in conjunction with Rural Retreat-Extensive uses within the MGA-1 and LFV districts, subject to additional criteria to ensure that these uses remain strictly ancillary in nature.

Staff recommends approval of the Amendment. Staff also recommends that the attached Resolution (See Attachment 25-2) be forwarded to the County Commission for adoption.

Resolution No. 1-16-25
Requested by: Circuit Court Judges

RESOLUTION REQUESTING THAT THE GENERAL ASSEMBLY ADOPT LEGISLATION ESTABLISHING A LITIGATION TAX TO BE USED EXCLUSIVELY FOR PERSONNEL AND OPERATING COSTS

WHEREAS, Williamson County has experienced rapid growth in population which has resulted in a drastic increase in the number of cases the Circuit Court Judges hear in Williamson County; and

WHEREAS, the Williamson County Board of Commissioners approved the establishment of new judicial assistants to assist in the increased case load; and

WHEREAS, while current legislation does establish certain litigation fees earmarked for other expenses, legislation by the General Assembly is needed to provide the authority to counties to adopt a litigation tax earmarked for personnel and operating costs; and

WHEREAS, recognizing the need for an additional revenue source and with the intent of not saddling the residents and tax payers of Williamson County, the Board of Commissioners requests the General Assembly to establish an opt-in litigation tax that will be earmarked for personnel and operating costs; and

WHEREAS, the Williamson County Board of Commissioners finds it in the best interest of its citizens to support a request to the Tennessee General Assembly to adopt legislation that would create an opt-in litigation tax to be earmarked for personnel and operating costs;

NOW, THEREFORE, BE IT RESOLVED, by action of the Board of Commissioners, meeting in regular session, this 11th day of January, 2016, requests the General Assembly of the State of Tennessee to amend the general law to allow counties the ability to levy a privilege tax on litigation in all civil cases heard in the county to be used exclusively for personnel and operating costs of the Circuit Court;

AND BE IT FURTHER RESOLVED, that upon approval of this resolution and its signing, the Board of Commissioners directs the County Clerk's Office to mail a copy of this resolution to Williamson County's representatives in the General Assembly.
