Addendum #1 to Central Zone Mowing for Parks and Recreation Opening Date January 31, 2017

Following are questions that have been received, and Williamson County's responses, regarding the above bid:

Q. Can you define the boundary lines for the Short Park Property?

A. The grass should be cut on the bank next to the road and parking lot down to the entrance of the Park and chain-link fence. Cut the grass inside the areas from the black iron fence across to the chain-link fence and all of the property back to the white plastic fence at the rear of the Park.

Q. At the Williamson County Public Library, does the retaining pond go with it or with the Enrichment Center?

A. Library

Q. At the Academy, does it include the playground and soccer field behind it and does Renaissance High and the Enrichment Center go with it? Also, does the parking lot across the road go with the bid?

A. Yes, it does include the playground, soccer fields, Renaissance High and Enrichment Center. No, the parking lot does not go with the bid.

Q. Do park employees keep up mulch and trimming of shrubs?

A. Yes

The deadline for questions has passed. This is the one and only addendum for this bid.
