Williamson County Medical Plan Participant,

Effective January 1, 2016, all participants enrolled in either of the medical plans offered by Williamson County will have access to MDLIVE. MDLIVE gives you access to board certified primary-care doctors and pediatricians by secure video, phone or e-mail.

This added benefit is a convenient way to see a doctor 24/7/365 anywhere you may be.

#### **TAKE NOTE TO THE FOLLOWING:**

- MDLIVE will not be available until January 1, 2016.
- You must register prior to your MDLIVE visit to provide the physician pertinent information about you and/or your family member prior to the scheduled visit.
- From December 15<sup>th</sup> – December 31<sup>th</sup>, you can register yourself and/or family members online. The 800 number will not be available until January 1, 2016.
- The deductible and copay structure of the plan you are enrolled in applies to each visit.

Williamson County feels that MDLIVE will be of value to everyone. You are encouraged to register, so when the time comes and you are needing to use MDLIVE you will only have to schedule your appointment. Employees that register from December 15, 2015 through February 29, 2016 will receive \$25.00.
