RE: Williamson County Health Plan Open Enrollment for 2022

Open enrollment is the 1 time during the year you can make changes to your benefits outside of a qualifying event. All changes that are made at open enrollment will be effective January 1st.

Open enrollment is the time for you to:

- Determine if you need to add or drop medical, dental, flexible spending account or voluntary benefits.
- Determine if you need to add or drop any dependents.
- Determine the amount you want to contribute into your flexible spending account. If you wish to continue this benefit or are enrolling for the first time for 2022.
- Determine the amount you want to contribute to your health savings account (HSA). If you wish to continue this benefit or are enrolling for the first time for 2022.
- Verify that your address, dates of birth and dependent names listed are correct.
- Update beneficiaries for your life insurance policies.

The open enrollment time frame has not been determined for 2022. Once the open enrollment time frame has been set all eligible employees will receive communication on the dates and deadlines. Normally open enrollment is during the month of October.

Open Enrollment will be done through the benefits online system and all employees must complete the process regardless if making changes to their current benefits. The online benefits system is easy to use and will walk you through all your current benefits giving you the option to make changes or keep your benefits the same for 2022.
