

VOTER GUIDE FOR WILLIAMSON COUNTY VOTING SYSTEM

1

The poll official will insert the activation card, arrow side up, in the card reader at the base of the tablet to activate your ballot. **No voter information or ballot choices are stored on the activation card or unit itself.**

2

Tap your choice to vote. Tap the **Next** → button to advance to the next contest/question

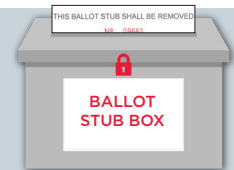

3

Once you are satisfied with your selections, tap "Print Ballot" and your ballot will print out. Place your ballot in the secrecy sleeve.

4

Fold the ballot stub twice and then detach it from the ballot. Insert the ballot stub into the box provided near the Image Cast Precinct Tabulator

5

Then approach the Imagecast Precinct tabulator displaying a message detailing the systems is ready and to please insert your ballot. The ballot can be fed into the tabulator in any orientation. Your ballot will be cast after the tabulator indicates Ballot Accepted.
