RE: Flu Shot Clinics for 2020

The Williamson County Benefits Department will not be scheduling onsite flu shot clinics for 2020.

With flu season right around the corner, we want to make sure employees and retirees that are enrolled under any of the Williamson County medical programs make alternative plans to get their flu vaccine.

If you or any family member is covered under any of the Williamson County medical plans, as part of the wellness benefit, you can go to any in-network provider and receive your annual flu shot at no cost. Examples of in-network providers would be your primary care physician, Kroger, Walgreens or CVS. Call the customer service number on your medical card for assistance in finding an in-network provider.

Feel free to contact Gina Crawford @ [gina.crawford@williamsoncounty-tn.gov](mailto:gina.crawford@williamsoncounty-tn.gov) with questions.
