

World War II Veteran Files

Williamson County Archives

Over the years, Williamson County Archives staff have been busy collecting information on Williamson County veterans and we have been fortunate to receive records from the families of local veterans. These files contain a variety of documents: newspaper clippings, photographs, discharge papers, obituaries, certificates, correspondence, telegrams, memoirs, etc. But, not every file has the same contents. The men and women on this list were either born in Williamson County, enlisted here, or moved here after the war and lived here for several decades.
