Private Laboratories for Water Analysis

The following is a compilation of information collected from representatives of area labs of which the Department is aware. It is provided as a public service for Williamson County residents in need of drinking water or wastewater (septic system effluent) evaluation. There may be other private labs that perform the same services. Please note this list is for reference only. Williamson County does not endorse or recommend any particular company/individual referenced below. Please visit the lab websites or contact the labs directly to verify analysis services currently available.
